

To whom it may concern,

Testimonial for Magnus Systems Pte Ltd

Magnus Systems Pte Ltd was the appointed NSC M/E contractor for all M/E works at Secura Building located at 39 Alexandra Terrace, 119932 for the period between Oct 2016 to Mar 2017. They have displayed utmost service quality with very helpful staff that were able to patiently explain the technical details to our users while addressing their operational needs and considerations. Their staff were very competent in their technical knowledge and was attentive to details. The project was completed timely despite the urgent timeline.

I would definitely recommend Magnus to other customers when the opportunity comes.

Thanks.

Ong Kok Leong

Chief Operating Officer

Secura Group Ltd
